HOMAGE

DESIGN YOUR LIFE,
GET RELAX,
LIVE COMFY.

HOMAGE, which embraced luxury and contemporary furniture production and started its operations in 2009, continues its activities without compromising its consistent design line, taking into account the changing and evolving customer demands over time.

In its 10,000 m2 modern production facilities, with 120 skilled personnel, HOMAGE combines craftsmanship with industrial production techniques, continuously improving and revising its approach to ensure that its high-design-value products are also technically perfect.

The R&D activities under the factory roof follow a simple and sleek design philosophy in line with the needs of modern and contemporary homes. Although the concept of color and texture may change over the years according to fashion and the needs of the era, our luxury and contemporary product approach will continue to evolve in a systematic and quality-focused manner.

ERA SOFA SET

Era offers open elements with which to create chaises longues or poufs that can be arranged alongside the composition or used as free-standing elements, also for the centre of the room. The conjoining rectangular or trapezoidal elements feature innovative wood trays on which to place all kinds of objects.

Era is a system of modular sofas featuring rigorous shapes. A design marked by geometrical lines, based on mix & match modular elements that came together in linear, angular compositions or with the addition of hanging trapezoidal or rectangular elements in unusual and highly appealing configurations.

HOMAGE

The real stone texture, specially prepared for the ERA Series, is one of the elements that highlights the identity of the product. The marble used in ERA has been one of the rare stones with antibacterial properties, high durability and used in historical textures and special works in the past. One of the reasons why we prefer this stone is that it is one of the rare stones that carry the traces of past history.
